

Biblical Wisdom, Health Science and Vaccination

The Bible is a collection of books. Within its pages may be found many topics, including history, music, poetry and health science. Below are listed selected biblical prohibitions and the corresponding vaccines that contain the prohibited substances.

Prohibition Against Consuming Blood

Genesis 9:3-4 [KJV]

3 Every moving thing that liveth shall be meat for you; even as the green herb have I given you all things.

4 But flesh with the life thereof, *which is* the **blood** thereof, shall ye not eat.

Also see **Leviticus: 3:17** and **Leviticus 17:10-14**

Acts 15:28-29 [KJV]

28 For it seemed good to the Holy Ghost, and to us, to lay upon you no greater burden than these necessary things;

29 That ye abstain from meats offered to idols, and from **blood**, and from things strangled, and from fornication: from which if ye keep yourselves, ye shall do well. Fare ye well.

[The source of the vaccine ingredient list is the CDC's February 2012 Excipient & Media Summary] (1)

Vaccines that contain blood cells or blood products

Adenovirus	human serum albumin
	fetal bovine serum
DTaP-IPV (Kinrix)	calf serum
DTaP-HepB-IPV (Pediarix)	calf serum,
DTaP-IPV/Hib (Pentacel)	bovine serum albumin
	CMRL 1969 medium [supplemented with calf serum]
Hep A (Vaqta)	bovine albumin
Japanese Encephalitis (Ixiaro)	bovine serum albumin
MMR (MMR-II)	fetal bovine serum
MMRV (ProQuad)	bovine calf serum
Polio IPV (Ipol)	calf serum protein
Rabies (Imovax)	albumin
Rabies (RabAvert)	human serum albumin
Rotavirus (RotaTeq)	fetal bovine serum
Smallpox/Vaccinia (ACAM2000)	human serum albumin
Varicella (Varivax)	fetal bovine serum
Zoster/Shingles (Zostavax)	bovine calf serum

(Brand names are in parentheses.)

Unclean Animals

Leviticus 11:7 [KJV]

7 And the **swine**, though he divide the hoof, and be clovenfooted, yet he cheweth not the cud; he *is* unclean to you.

Leviticus 11:29 [KJV]

29 These also *shall be* unclean unto you among the creeping things that creep upon the earth; the weasel, and the **mouse**, and the tortoise after his kind ...

[Mouse ingredients are not mentioned in the latest, Excipient & Media Summary. February 2012] (2)

Vaccines with Pig (unclean) ingredients:

Influenza (FluMist)	hydrolyzed porcine gelatin
Rotavirus (RotaTeq)	“DNA from porcine circoviruses [PCV] 1 and 2 has been detected in RotaTeq. PCV-1 and PCV-2 are not known to cause disease in humans.”
Rotavirus (Rotarix)	“Porcine circovirus type 1 [PCV-1] is present in Rotarix. PCV-1 is not known to cause disease in humans.”
Zoster/Shingles (Zostavax)	hydrolyzed porcine gelatin

Insects

Leviticus 11:20 [NIVUK]

20 All **flying insects** that walk on all fours are to be regarded as unclean by you. **21** There are, however, some **flying insects** that walk on all fours that you may eat: those that have jointed legs for hopping on the ground.

22 Of these you may eat any kind of locust, katydid, cricket or grasshopper. **23** But all other **flying insects** that have four legs you are to regard as unclean.

Insect products:

Human Papillomavirus/HPV (Cerverix)	insect cell [moth] and viral protein
-------------------------------------	--------------------------------------

Two additional ingredients that are frequently interpreted as being unclean or biblically prohibited are **monkey cells** and **human diploid cells** used in the culture of vaccines.

Polio IPV (Ipol), DTaP-HepB-IPV (Pediarix) and DTaP-IPV (Kinrix) vaccines contain monkey kidney cells.

Whole **human diploid cells** from **aborted babies** are not present in the final product, the vaccine fluids. However, fragments of the continuous cell lines that originate in tissue from aborted babies do remain in vaccines. Human diploid cells are used in the culture of **Adenovirus, DTaP-IPV/Hib (Pentacel), Hep A (Vaqta), Hep A/Hep B (Twinrix), MMR (MMR-II), MMRV (ProQuad), Rabies (Imovax), Varicella (Varivax) and Zoster/Shingles (Zostavax) vaccines.**

Health Science in the Bible does not stop at substances prohibited for consumption. There are injunctions to quarantine infected individuals who had Leprosy.

Quarantine for Leprosy

See **Leviticus**, all of **Chapter 13** [KJV]

Quarantine: 13:4 ... then the priest shall shut up *him that hath* the plague seven days ...

Quarantine: 13:46 All the days wherein the plague *shall be* in him he shall be defiled; he *is* unclean: he shall dwell alone; without the camp *shall* his habitation *be*.

Burning of Clothing: 13:52 He shall therefore burn that garment, whether warp or woof, in woollen or in linen, or any thing of skin, wherein the plague is: for it *is* a fretting leprosy; it shall be burnt in the fire.

One of the Bible's Greatest Health Messages

Bury your waste outside the camp

Deuteronomy 23:12-14 [KJV]

12 Thou shalt have a place also without the camp, whither thou shalt go forth abroad:

13 And thou shalt have a paddle upon thy weapon; and it shall be, when thou wilt ease thyself abroad, thou shalt dig therewith, and shalt turn back and cover that which cometh from thee:

14 For the LORD thy God walketh in the midst of thy camp, to deliver thee, and to give up thine enemies before thee; therefore shall thy camp be holy: that he see no unclean thing in thee, and turn away from thee.

How could something as simple as burying one's waste outside the camp be a great health message? Burying waste material is basic sanitation. This ancient practice has changed into street cleaning, garbage collecting and effective plumbing resulting in cleaner air and in waste water and drinking water being kept separate. Where have all the scary diseases of the past 250 years gone? Commercial interests have gained control over our colleges and medical schools to such an extent that if one asks 'what are the primary means of controlling infectious diseases,' the immediate answer is VACCINES. But did vaccines create the vast reduction in infant and childhood deaths and save the human race from infectious diseases? The answer is NO. "Up to 90% of the total decline in the death rate of children ... because of whooping cough, scarlet fever, diphtheria, and measles occurred before the introduction of immunizations and antibiotics."--- Dr. Archie Kalokerinos [Vital statistics from the USA, England, Wales and Australia show similar drops in childhood mortality.] The outstanding changes that brought about the decline in children's death rates were improved sanitation and year around nutrition.

What about Smallpox?

Smallpox was a filth-caused disease and thus a disease preventable by sanitation, the very sanitation mentioned in the Bible. Smallpox was eliminated entirely due to reforms in sanitation aided by nutritional improvements and *not* by inoculating *blood* and *pus* from the sores of sick cows into humans, a practice called vaccination. Contrary to modern popular opinion, sacred health science and secular science are in agreement. Commercial interests opposed to both sciences have created mis-information about vaccination while pretending to be evidence-based medicine. In reality, vaccination is a belief system originating prior to the scientific method that has resisted being subject to proper testing requirements such as comparing the health outcomes of vaccinated versus non-vaccinated individuals.
